

# THE NEW EMPTY REACHSTACKER INTRODUCING F-TECHNOLOGY IN EMPTY HANDLING

**The new Kalmar Empty Reachstacker**

The F-technology has now moved into the empty line of Kalmar reachstackers, giving the same benefit as has been on the fully laden range since 2002.

With the same control system the DRF100 now gives the same operating advantages combined with superior service and maintenance support. The two models presented have been tested extensively for a year, confirming the expectations.

DRF100-S6

Technical data	DRF100-54S6	DRF100-54S8
Lifting height, containers	6	8
Lifting capacity, first row	10.000 kg	10.000 kg
Lifting capacity, second row	9.000 kg	8.000 kg
Lifting speed, unloaded	0,42 m/s	0,42 m/s
Lifting speed, loaded	0,38 m/s	0,38 m/s
Service weight	39.000 kg	41.000 kg
Engine	Volvo TAD 760 VE	
Transmission	Dana 340FTE17311	
Wheels, front and rear	14.00x24, PR24 E3	

**Contact information:**

**Make things easy.** These three little words symbolise the Kalmar philosophy.

Making heavy things easier to handle is nothing new for Kalmar. The company has over 100 years of experience in lifting and moving heavy objects with our machines in over 140 countries around the world.

But the three little words "make things easy" also encompass another dimension. Kalmar is more than just a machine supplier. Kalmar offers solutions that make life easier for its customers, everything from driver assistance to contract maintenance and fleet management.
